DETAILED ACTION

This office action is in response to the amendment filed on October 17, 2003.

Claims 68, 138 and 142-186 are currently pending in this application.

The following rejections are withdrawn:

The rejections under 35 U.S.C. 102(b) of the previous office action are hereby withdrawn in view of applicant's remarks.

The following rejections are maintained:

1. Claims 68 and 143-186 are rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 18-19 of U.S. Patent No. 6,306,909, for the reasons of the previous office action which are incorporated here by reference. It is acknowledged that applicant will consider filing a Terminal Disclaimer when the claims are otherwise in condition for allowance (see page 13 of response filed on April 4, 2003).

2. Claims 68, 138 and 142-153 are provisionally rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 68-90 of copending Application No. 09/932,676. Although the conflicting claims are not identical, they are not patentably distinct from each other because the instant claims substantially overlap the reference claims. The reference method is drawn to administering compounds having a cyclic amino group attached to a two carbon spacer carrying an anionic group. One of ordinary skill in

the art would have been motivated to select the claimed compounds from the genus in the reference since such compounds would have been suggested by the reference as a whole.

This is a provisional obviousness-type double patenting rejection because the conflicting claims have not in fact been patented.

It is acknowledged that applicant will address this rejection when it is the only remaining issue.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
